In appreciation

We, the Senior Class of 1942, Cranberry High School, take this page of our yearbook to show our appreciation for the opportunities furnished by the school board, faculty, and the taxpayers.

We are grateful for the many privileges and activities we were able to take part in.

We shall never forget the happy days spent in our school years.

Our Theme

In harmony with the critical times through which our country is passing, we have planned the theme of this, the seventh issue of the Berry Bush.

There is a logical comparison between a school plant and a factory in production. Not only is the set-up similar, but both are dedicated to the defense of Democracy—one from without, the other within.

The taxpayers and patrons of the school are the **Stockholders** who elect the **Board of Directors** responsible for the running of the plant. The **Staff** is then hired which supplies the technical knowledge necessary for successful operation. It is not hard to visualize the Seniors as the **Finished Product**, nor the undergraduate classes as different stages on the **Assembly Line**.

Our publications undertake our **Publicity** work; and last, but not least, our departments of **Physical Fitness** and **Recreation** perform the same essential work for us as they do in industry.

Foreword

In preparing this, the seventh volume of the Cranberry Berry Bush, we feel that we are spending our happiest and most exciting days of our lives at school. In publishing this annual we are, to the best of our ability, endeavoring to bring out the most interesting activities and happenings of our school life. We hope that everyone will be satisfied with it. As this is our first annual to be published, we are sure it will bring many hours of entertainment. Even with the war around us we are doing our best to make a success of our yearbook.

Dedication

We, the Senior Class of Cranberry High School, Class of nineteen forty-two, do hereby dedicate this book, the seventh volume of The Berry Bush, to The Men In Service who fought and still are fighting to preserve for us The Freedom we all love so well.

Class History

The only records we have of Pre-Historic Man are the pictures he left on the walls of his caves; we don't want The Conventional Library Picture to be the only record of our class so in order that posterity may know more about the class of '42, we write this history of the activities of our class to whom it may concern.

The class was conceived in 1938 when we graduated from grade school into high school, our freshman year. Walt Fletcher was elected President and Lois Daugherty was Secretary. Home Rooms were the present 10 and 11, Mrs. Harrah and Coach Smith—Remember—?? The Sophomores gave us a reception (Oct. 27, 1938) and boy did we feel big!!—Time Flies—

We are sophomores, wise fools they tell us; Walt Fletcher was again elected president; Sue Schaming was secretary and treasurer. Committees were appointed for the Freshman Reception which was held at Hallowe'en Time. Sophomore home rooms were Lab., Mr. Ashbaugh, and the present room 11, Mr. Smith—Time Marches On—

Class History . . . continued

We are juniors. Ah, Grand and Florious Feeling; now we are some one. Jack Stack was president; Betty Stewart was vice president; Bettie Schreffler was secretary and Lois Daugherty was treasurer. Raising Class funds consisted of selling chocolate milk and Klondikes; the former was discontinued and the latter still exists, quite successfully. We chose class rings; we held a class play, "Funnie Phinny" and held a swimming party, skating parties, May Dance and Junior-Senior Prom. Junior Home Rooms were 9 and 10 with Mr. Gehr and Mr. Allen respectively.—Time Flees—

We are seniors—Jack Stack is president; Georgia Sutley is vice president; Bettie Schreffler is secretary and Betty Stewart is treasurer. The Hi-Light has Ralph Keniston as editor and Jack Stack as business manager.

Money making consisted of a magazine sale (were you victimized?) and the Senior Play "The Young Imp" directed by Miss McBride and presented on April 16 and 17.

The Year Book was Piloted by Betty Ann Porter.

The purpose of the Girl Reserves is, "I will try to face life squarely and to find and give the best."

In the past year the Girl Reserves of Cranberry have participated in many activities. They, with the aid of the Hi-Y, started the year by making a success of the indoor Carnival. This enabled them to sponsor a mother and daughter banquet.

Later, for the sake of National Defense, they took up knitting for the Red Cross and were very successful.

Last but not least, they completed an eight-week Bible Study course which dealt mainly with the study of characters. Several took the standardized test at the completion of it and came out with flying colors.

For the first time in the history of Cranberry High School, the cheerleaders formed a club.

The club sold klondikes and pop at all of the basketball games.

A roller skating party was held at Franklin last fall.

Dances were held after the following games: Clarion, Youngsville, Cochran-ton, Rocky Grove, Rimersburg, and Emlenton.

The proceeds from the dances and etc. were used to pay for the cheerleading outfits.

At the end of the year a grand party was held.

The Junior High Cheerleaders are: Marjorie Smith, seventh grade; Audine Beebe, eighth grade; Bobby Hahn, eighth grade; Don Fischer, freshman.

The Junior High also formed a club. They took a hike to Hasson Heights and then had a wiener roast and a treasure hunt for the grand finale of the school year.

Miss Esther Bender, who was the faculty advisor and originator of the clubs, deserves a great deal of credit for making these clubs so successful.

COMMENCEMENT

OUR BEGINNING AND OUR END ARE OUT OF OUR HANDS, BUT THEY EXCITE OUR CURIOSITY. IN LOOKING BACK OVER MY OWN LIFE IT SEEMS TO ME THAT ANY SUCCESS THAT I HAVE HAD WAS THE RESULT OF COMMON SENSE APPLIED TO PRACTICAL PROBLEMS, AND CONTRA, FAILURES HAVE RESULTED FROM THE LACK OF IT. LET US NOW REALIZE THAT EACH ONE OF US IS A FRESH EXPERIMENT IN INTELLECTUAL AND MORAL BEHAVIOR, AND LET US ACCEPT THIS RESPONSIBILITY AND DO OUR BEST TO MAKE OUR EXPERIMENT SUCCEED

Congratulations!
